#### **Further Information**

Cindrigo is a sustainable energy developer with a portfolio of projects that support Europe's transition to a secure, affordable, and sustainable energy future. This includes an integrated biomass operation in Finland and three geothermal energy licences in Germany. Alongside this,

the Company maintains an active development strategy with several energy projects and licenses under evaluation.

The Company has a clear vision to create shareholder value by delivering secure, sustainable, affordable energy solutions that address three global priorities: meeting rising energy demand, providing energy security and improving environmental outcomes.
